AIPHONE

DA Series

Single and Multi-Tenant Entry Security System

Residential and Commercial Applications

Features and Benefits

Access control
Provide entry security for up to four tenants sharing a common entrance.

Visitor screening
Safely and conveniently speak with visitors to determine their intent before unlocking the door.

Replaces doorbell, easy to install
Reduce installation costs by using existing doorbell wire. No doorbell? *No problem!* The system only requires two wires, making installation a snap!

Door release powered by system
Have the convenience of door release without needing to purchase additional power.

Simple to use
Answer calls and unlock the entrance with simple, intuitive operation.

Reliable and designed to last
Enjoy trouble-free use for years to come, even after the warranty expires!
