

ASSEMBLY INSTRUCTIONS

CLZIEXDISP

(EXTERNAL DISPLAY MODULE)

ACCESSORY FUNCTION

This product is an accessory for compatible Cameo spotlights from the ZENIT series (installation versions). The external display module is used to configure the spotlight. The product is only suitable for use with the intended spotlights. Improper installation can lead to functional limitations and damage.

USING THE INSTRUCTIONS

These instructions describe the accessory and its correct installation. Read the instructions carefully before starting the installation!

SAFETY INSTRUCTIONS

1. Please read this user manual carefully.

2. Keep all information and instructions in a safe place.

3. Follow the instructions.

4. Use the accessory only as properly intended.

RISK OF SUFFOCATION! KEEP AWAY FROM CHILDREN! THE PRODUCT CONTAINS SMALL PARTS AND PACKAGING MATERIAL THAT COULD BE SWALLOWED! PLASTIC BAGS MUST BE KEPT OUT OF THE REACH OF CHILDREN!

INSTALLATION

For configuration of the spotlight, the external module with display and touch-sensitive operating elements is connected to the spotlight using a special 2 m connection cable (connection cable included). Make sure that the connections are tightly sealed and that moisture cannot penetrate the spotlight housing and/or the display module housing. Once configuration of the spotlight has been completed, the module must be disconnected from the spotlight and the connection on the spotlight must be securely closed using the cover cap. The module can now be used to configure additional spotlights. Operation of the spotlight using the external display module is described in detail in the user manual of the corresponding spotlight.
