

Red Fire Telephone Outstation (push to open)

Part No. EVC302RPO

Overview

- A new-look Type A fire telephone outstation c/w telephone-style handset.
- Supplied in a durable red steel enclosure with a 'push-to-open' plastic lid.
- Ideal for use in fire telephone and stadium marshalling applications.
- Allows stewards and fire marshals to communicate with a SigTEL Master Controller (and vice versa).
- Facilitates reliable two-way communication in a fire emergency between a permanently manned control room and key points of a site.
- True duplex speech.
- Can be surface mounted using a T-BEZ302 bezel.
- Meets and exceeds the requirements of BS 5839-9 when correctly installed.

More Information
