Installation, Operation and Maintenance Procedures

- MD-60 is available with 60W transformer, and optional brackets are available on request.
- Screw bracket to wall or ceiling, place cabinet onto ball socket and tighten bolt.
- Connect to screw terminal and select required volume with the switch.
- Screw on lid with gasket and tighten cable glands to assure a good sealing towards cable.
- For optimum performance, always use the correct voltage / power and operate within the frequency limits as stated.
- Do not open loudspeaker when energized.
- This loudspeaker is supplied with a 2 year warranty against defective workmanship.
 - * To achieve IP 44 the loudspeaker should be mounted with the grill 30 degrees downwards.
